

Novel fibre value chains & ecosystem services from sustainable feedstocks

Newsletter #4 | June 2024

Fiber fact

Cattail can be used in the making of bedding, baskets, and shoes, as well as being useful in papermaking.

In the past, cattail was used as a raw material for diaper production.

73%

73% of cattail leaves have a length ranging from 50 cm to 250 cm, enabling greater above-ground biomass production.

Partner of the month

The Natural Resources Institute Finland (Luke) is the second largest, public, non-profit research and expert organisation in Finland operating under the Ministry of Agriculture and Forestry of Finland. Its task is to promote competitive business based on the sustainable use of renewable natural resources, as well as wellbeing and the vitality of the countryside. Currently Luke is involved in about 115 EU-funded projects, of which 13 are Luke-led Horizon projects.
